ALABAMA CONVENTION MONEY FOR HARVEST.

The First Pure White Convention Ever Held in the State.

THE NEGRO OUSTED.

Roosevelt is Indorsed, but Opposed to a Second Term—The Negroes Declined Their Action in Ignoring Them.

Birmingham, Ala., Sept. 18.—After a spirited debate, lasting several hours, the Republican state convention passed a resolution recommending the nomination of Theodore Roosevelt for a second term for president. After the adoption of a platform a full state ticket was nominated and the convention adjourned.

This was the first white Republican convention held in Alabama since the civil war, and the ousting of the negro delegates caused indignation among the leading members of that race. They have issued a card to the public denouncing the "Lilly whites," and say they don't believe the national convention will tolerate it.

The sentiment to endorse the present administration of Mr. Roosevelt was practically unanimous, but the opposition to the second term endorsement was based on the grounds that it was improper for this convention to pass upon a question to be decided by a convention to be held two years hence. After a debate, which grew acrimonious at times, the Roosevelt resolution was adopted.

The following ticket was nominated: Governor—J. A. W. Smith of Birmingham.

Lieutenant governor—Charles P. Lane of Huntsville.

Attorney general—W. H. Armbrecht of Mobile.

Secretary of state—J. H. Carter of Cullman.

Auditor—T. B. McNair of Marshall county.

Treasurer—H. Lee Brown of Conecuh county.

Superintendent of education—J. C. Fowlke of Crenshaw county.

Commissioner of agriculture—T. B. Morton of Fayette.

J. A. W. Smith, the nominee for governor, is a son of the late Hon. V. H. Smith, who was Republican governor of Alabama during the reconstruction period, and is a prominent lawyer of this city.

TICKET IS NAMED.

Boston, Sept. 18.—Acrimony was not wanting for a time in the Democratic state convention in Tremont Temple, but in the end harmony was restored and the state ticket was enthusiastically greeted. The ticket is as follows:

Governor—William A. Gaston, Boston.

Lieutenant governor—John C. Crosby, Pittsfield.

Secretary of state—Willmore B. Stone, Springfield.

Treasurer—Thomas H. Thacher, Yarmouth.

Auditor—J. L. Chalifoux, Lowell.

Attorney general—J. J. Flaherty, Gloucester.

It might be said that in naming Col. Gaston to head the ticket precedent was shattered, inasmuch as he was nominated and then given a platform of his own dictation. Not unlike the famous conventions of 1896 and 1900, the fight was over the national issues on the platform. The test of strength was between Colonel Gaston on the one hand and George Fred Williams, once the stalwart leader of the silver Democrats, on the other. Williams was utterly routed, with the predicted result that he is shorn of all power of leadership. The platform adopted is a repudiation of the Kansas City platform, for Mr. Gaston refused to be the nominee if in any way the declaration of principles could be construed to endorse those things most prominently advocated by the party in the last two national campaigns.

REPUBLICAN CONVENTION.

Hartford, Conn., Sept. 18.—The state Republican convention which organized temporarily Tuesday night, selected the following ticket after making Senator O. H. Platt permanent chairman:

Abram Chamberlain of Meriden, for governor;

Henry Roberts of Hartford, lieutenant governor;

C. G. Vinal, Middletown, secretary of state;

Henry E. Gallup-Norwich, treasurer;

W. E. Seeley, Bridgeport, comptroller;

W. A. King, Windham, attorney general.

The platform endorses President Roosevelt's administration and favors his nomination for the presidency in 1904. It opposes a general revision of the tariff, but states that congress is expected to rectify without impairing the principle of protection any important duties that are found to have been "notoriously perverted from their true purpose to the inordinate enrichment of corporations, monopolistic in fact or in tendency."

CHICAGO BANKS SENDING IT TO THE FARMERS OF THE COUNTRY

TO PAY EXPENSES.

There Will Be \$28,000,000 in Small Bills for the Mississippi Valley—It is the First Time in Five Years.

Chicago, Ill., Sept. 18.—The Chicago banks are shipping from \$1,500,000 to \$2,000,000 to country banks of the north and northwest and south and southwest sections of the country to meet the demand of the farmers for actual currency to pay expenses of harvesting and marketing their grain crops.

The movement is in excess of last year's shipment, although the harvesting season is far from being over. It is estimated over \$28,000,000 will be shipped by Chicago banks in bills of \$5, \$10 and \$20 denomination to farmers of the Mississippi valley before the crops are all put away for the season. This large amount of money is not considered an indication of abnormal conditions by local bankers who have kept closely in touch with the situation. Some of them stated that for the first time in four or five years the banks of this city were able to meet the demand for currency, which is inevitable at this season, without experiencing any trouble.

TRAIN STOPPED.

Revolutionists Stopped Freight Train, but Allowed Passenger Train to Go On.

Washington, Sept. 18.—Secretary of the Navy Moody received the following dispatch from Commander McLean of the Cincinnati:

"Colonel Train for Panama went through without Cincinnati's guard of riflemen and rapid fire gun. Freight train coming toward Coion stopped by soldiers at sides of the track, continuously pointing loaded muskets at the engineer and train hands demanding opening of locked box cars for inspection; conductor had no key; could not. Went to find some responsible officer, also sent man to flag the following passenger train; menace removed; freight came in with passenger train. Will vigorously protect life and liberty of American and other peaceable employees and maintain unobstructed transit. Have instructed the Ranger to assist in this duty."

IN A CRITICAL CONDITION

President Castro Marching to Relieve His Minister of War at Valencia.

Willemstad, Island of Curacao, Sept. 18.—President Castro of Venezuela considering the situation of General Garibaldi, his war minister, eminently critical at Valencia, has marched to assist him with 3700 men. The president crossed Los Teques river Wednesday and continued the same day his march to Valencia. His army is carrying many sick men with it. According to report President Castro will attack the revolutionary army under General Mendoza at Tocuyito. General Metos, the revolutionary leader, is still at Ortuco.

NEW HAMPSHIRE REPUBLICANS.

Concord, N. H., Sept. 18.—In the Republican state convention here Nathan J. Batchelder of Andover, was nominated for governor by acclamation. The resolutions endorse the administration's Philippines policies. Combinations of capital which will reduce the price of necessities to the people are favored, but any such combinations as will restrict business and throttle competition by unjust and tyrannical practices, are condemned. The administration of President Roosevelt is heartily endorsed.

ATTEMPTED DAMAGE.

Dallas, Sept. 18.—The Russell V. Rogers company, which operates the Palace drug store on Main street, brought suit Wednesday in the district court for \$2000 alleged damages. The plaintiffs claim that the defendant by tearing down the west wall of their store and replacing it with a faulty substitute, has done damage to their store and fixtures. Plaintiffs also petition the court to order the defendants to put up immediately another wall as good as the other one was claimed to be.

HOWARD HEIRS WON.

Temple, Tex., Sept. 18.—In the district court at Belton the damage suit of the heirs of J. D. Howard vs. the Gulf, Colorado and Santa Fe Railway company was decided favorably to the plaintiffs and damages awarded to the extent of \$8000. Mr. Howard was employed as a roundhouse hostler by the railway company and was killed in February, 1901, at the Temple roundhouse.

FRIDAY, SEPT. 19, 1902.

We notice that enterprising merchants in several neighboring towns have arranged "rest rooms" for their lady customers that come to their town to trade. All modern conveniences are installed in these "rest rooms," and consequently they are proving a drawing card for the merchants that have arranged them.

What is the matter with some of our merchants inaugurating a "rest room" in connection with their store, for the comfort of the women from the country who come to Jacksonville to trade? Tired women, often with children in their arms, can be seen on our streets most any day and they have no place to rest only in wagons, a vacant chair, perhaps, or any other place they can find. Now, some merchant should see that these ladies are properly cared for while in the city, and the proper way will be to curtain or partition off a room in their store. Who will be the merchant to first adopt the "rest room"? We believe it will prove a winner.—Jacksonville Reformer.

On the walls of the exhibition hall at the East Texas Carnival at Palestine was the following information: "There has been shipped from East Texas so far this season approximately the following number of cars of fruit, melons and vegetables: Peaches, 908 cars; berries, 132 cars; tomatoes, 1141 cars; watermelons, 915 cars; cantaloupes, 133 cars; potatoes, 1307 cars; cabbage, 197 cars; onions, 29 cars; peas, 8 cars; cucumbers, 22 cars; mixed cars, 147—total 4967 cars."

What little advertising of her resources Brazos county has done is already beginning to attract a desirable class of citizens to our midst. Let the good work go on.

Bully for General Henderson! He stands pat. Meanwhile let the work of disintegration proceed.

THREW A BOMB.

Robber Demanded Money and Being Refused, Dropped Dynamite.
Seattle, Wash., Sept. 18.—A special to the Times from Skagway, Alaska, says:

About 3 o'clock Tuesday afternoon an unknown man walked into the Canadian Bank of Commerce, carrying a revolver in one hand and a dynamite bomb in the other, and demanded \$20,000, threatening to blow it into eternity. Cashier Pooley and Teller Wallace were the only persons in the bank. Wallace ducked to get his gun and ran quickly to the back of the room, yelling for Pooley to do the same.

"No you don't!" yelled the man, and he dropped the bomb. The clerks had just got out of the window. The bank was wrecked. The robber's head was smashed and one arm was blown off. People living above the bank were blown into the air.

J. G. Price, formerly prosecuting attorney, who was entering the bank at the time, was hurt, but not seriously. The dynamiter died without regaining consciousness. The bank lost about \$1000, chiefly in gold dust, which was lying on the counter.

England's Comment.

London, Sept. 18.—The Times treats M. Pelletan's remarks humorously and commiserates his fellow cabinet members.

Relapsing for a paragraph into a serious strain, the paper says: "It is for M. Pelletan's colleagues and countrymen to remember that circumstances might have easily arisen in which a similar incontinence of tongue might entail the most serious consequences, and for them to reflect whether it is prudent to expose France and the world to such dangers while M. Pelletan is growing accustomed to being a minister."

The Times suggests that M. Combes, the French premier, restore discipline to the cabinet by curbing the license of some of its members.

Guarding Passenger Trains.

Colon, Colombia, Sept. 18.—American marines are now traveling as guards on passenger trains. The United States cruiser Cincinnati landed fifty marines and also sent ashore a small rapid fire gun which was placed on a railroad truck protected by iron plates. A small detachment of insurgents were seen near Mindi station. The government troops attacked the enemy immediately and drove them back.

Costello Promoted.

Fort Worth, Tex., Sept. 18.—J. E. Costello, who for several months has filled the position of rate clerk in the general freight office of the Frisco, will depart for Mobile, Ala., where he goes to accept the position of trainmaster and chief dispatcher for the Mobile, Jacksonville and Kansas City road.

Indicted for Murder.

Vinita, I. T., Sept. 18.—Granville Bell, Henry Goldman and Alice Jones were indicted by the United States grand jury at Muskogee on a charge of murdering a man at Wagoner on election day last spring. The man whose name was unknown, was a stranger in Wagoner.

HOMeward Bound.

Peary Failed to Reach the North Pole and is Now Returning.

Sydney, N. S., Sept. 18.—Lieutenant Peary, on his arrival, said: "Our expedition did not reach the north pole, but we made most important scientific discoveries. We are all well and glad to get back to civilization."

The equipment and personnel were satisfactory and further advance was vetoed by inseparable natural conditions. The Fram left Godhavn about August 20 bound home. She has been in Soner sound from whence it is understood explorations were made to the north. The death of a fireman is reported since. Others on board are said to be well. The little schooner Forget Me Not, which was caught in the ice at Capt Haven last year, is now on her way to St. John.

This report, signed by Peary, is addressed to Secretary H. L. Brighman of the Peary Arctic club. Peary will go to New York.

Forest Fires Still Burning.

Denver, Sept. 18.—Forest fires are sweeping the bare timber sections of the Rocky mountains from the Wyoming line to central Colorado. New fires are reported daily and much fine timber, heretofore untouched by the devouring flames, have been wiped out or else is now burning without hope of being saved.

No Change in Henderson.

Dubuque, Iowa, Sept. 18.—The congressional committee called together to consider the declination of Speaker Henderson to be a candidate for re-election to congress, met here. Nothing has developed indicating any change in Speaker Henderson's purpose.

Money for Mrs. Maybrick.

Chicago, Sept. 18.—A mass-meeting will be held October 9 at the auditorium to raise money for another effort to secure the liberty of Mrs. Florence Maybrick, who has been in an English prison for thirteen years on the charge of having poisoned her husband.

Schooner Wrecked.

San Francisco, Sept. 18.—The schooner Southern Cross, belonging to the London Missionary society, was wrecked Sept. 1 on the eastern side of the island of Tahiti, near the harbor of Papoete. There were a number of passengers on board, but all were rescued.

Refuses to Interfere.

Austin, Sept. 18.—The governor stated that he declined to have anything to do with the appeal of Vincent Sausedo, the Mexican condemned to be hanged at San Antonio for the rape of his step-daughter. He said the law must take its course.

Cotton Pickers Moving.

Suit for Damages.

McKinney, Tex., Sept. 18.—Suit has been filed in the district court here by Mrs. Lulu M. Shatley vs. T. E. Ball, asking for \$25,000 damages for the killing of her husband, Feb. 24, near Kinney bridge, this county.

NEWS IN BRIEF.

Dallas, Tex., was visited by a splen-did rain Wednesday.

United States Senator Bard of California is said to be improving.

William Brifogle, a wealthy farmer, 83 years old, committed suicide near Brookville, Ind., by hanging himself. He had become despondent over illness.

James S. Cole, a painter working on the new infantry barracks at Fort Leavenworth, Kan., fell from a window and received fatal injuries.

Trainmaster Edwin E. Ives was killed in the yards of the Santa Fe company at Emporia, Kan. He was caught under a switch engine.

Grant Garrett, a negro who murdered his wife near Forney, Tex., last week, pleaded guilty and was given a life term.

W. P. Simpson, a traveling salesman for a St. Louis house, was thrown from his buggy and seriously injured near Decaturville, Mo.

S. J. Chamer, an Iron Mountain brakeman, was instantly killed in the Iron Mountain yards at Poplar Bluff, Mo., by being cut in two while asleep on the track. Cramer leaves a wife and one child. His home was in De Soto.

Jack Fife, a prominent planter, committed suicide at his home near Hernimanville, Miss., during the absence of his wife. He rose from his sick bed, secured a shotgun, placed the barrel to his forehead and pulled the trigger, blowing his head from his body.

The body of Mrs. Mollie Westrope, wife of Louis Westrope, who mysteriously disappeared from Greenville, Miss., Sept. 8, was found at the coal tipple by Andrew Hicks.

A freight train on the Santa Fe was wrecked three and one-half miles north of Kahoka, Mo., four cars being dumped over the embankment, twenty hogs and some cattle killed.

It is stated that Swift & Co., in addition to buying the large cotton seed oil mills at Temple, Greenville, Alvarado, Itasca, West and Grandview, are negotiating for seven other large oil mills situated in Texas, and that Armour & Co. have options on four mills. The amount involved in all those consummated and pending deals aggregates nearly \$3,000,000.

WILL SOON GIVE IN.

One Big Coal Mine to Work and Others Will Soon Follow.

Chicago, Sept. 18.—Word was received in Chicago from Henry E. Weaver of the Weaver Coal company, who is in Buffalo, that the anthracite coal strike will soon come to an end, that one of the largest mines in the heart of the district in Pennsylvania is about to give in to the strikers and that other mines will follow directly the example of the leader.

C. E. Ferguson, private secretary to Mr. Weaver, received a long telegram from Buffalo stating the case and the announcement was authorized by Mr. Weaver through Mr. Ferguson in Chicago.

"The big mine which Mr. Weaver refers to," said Mr. Ferguson, "will be in operation within a week. The owners of the mine, which is one of the largest in the affected district, realizes that the settlement which is bound to come to a crisis and affairs have gotten to such a serious point and the effects are so widespread and dire that the settlement must come promptly. Mr. Weaver was assured that the mine would be working again within a week. Of course the other mines will follow the example promptly and the public can look forward to a settlement of all the difficulties within a short time."

PROTEST APPROVED.

United States' Protests Against Treatment of Jews in Roumania Indorsed.

London, Sept. 18.—The United States' initiative in protesting to the countries which are parties to the treaty of Berlin of 1878 against the treatment of the Jews in Roumania meets with approval here. The Globe, however, is the only afternoon newspaper which comments on Secretary Hay's note on the subject and says there is nothing in Hay's action but self-interest. The Globe, nevertheless, hopes it will lead to a check being placed on the wholesale exportation of undesirable persons from eastern Europe to Great Britain and America.

Jones is Surprised.

Little Rock, Sept. 18.—A Gazette special from Hope, Ark., says: Senator James K. Jones, who returned from Minneapolis, said he was greatly surprised at Speaker Henderson's withdrawal from the race for congress in the Third Iowa district.

Continuing the senator said: "It is virtually a distinct recognition of the strong feeling in the west in favor of tariff revision, especially on trust made articles, and if the Republican party does not take action in that direction I believe the result will be a material falling off in their vote and a corresponding increase in the Democratic vote."

Situation Unchanged.

The Hague, Sept. 18.—In the first chamber of state general here during the debate on the address in reply to the speech from the throne the foreign minister, Baron Van Lynden, set at rest the rumors of alliance between Holland and Germany, saying there was no foundation whatever for them. The country's political relations with other states, he added, remained unchanged. There have been neither estrangement nor more intimate relationship.

Allegations Denied.

Louisville, Ky., Sept. 19.—The injunction filed by Attorney General Pratt Tuesday to prevent the contest between McGovern and Young Corbett from taking place here next Monday night was presented for hearing before Judge Emmett Field in Jefferson circuit court here. The defendants presented an answer to the petition, in which they denied all the allegations made by the attorney general.

Abandoned Everything.

Cape Haytien, Hayti, Sept. 18.—General Nord, at the head of 3000 men, attacked Limbe Wednesday morning and after desperate fighting, lasting three hours, the general abandoned his positions, gun and war munitions and left a great number of dead and wounded, including several generals, on the field. The population of Cape Haytien is in a state of anxiety. The enemy to the number of 4000 well armed men is advancing on the place. Another battle before the town is imminent.

New Road to Be Built.

Joplin, Mo., Sept. 18.—A. M. Hoxie of Boston, who is here and represents eastern capitalists, announces the immediate construction of the Arkansas, Missouri and Kansas railway is assured. The new road is to run from Memphis, Tenn., through this city and west to Chanute, Kan. It will open the undeveloped mineral territory in northern Arkansas and will connect the zinc fields with gas and oil fields of Kansas. The survey is almost complete.

Boxer Uprising Again.

Washington, Sept. 18.—China is on the verge of another boxer uprising which may equal that of 1900, according to mail advices received at the state department from Minister Conger, dated last month. Troubles appear to arise principally from extortionate taxation combined with the resentment against the presence of missionaries.

Sea Wall Bonds Approved.

Austin, Sept. 18.—The second batch of Galveston seawall and breakwater bonds amounting to \$500,000 were approved by the attorney general's department. This makes a total of \$1,600,000 seawall bonds thus far approved.

Earthquake at San Francisco.

San Francisco, Sept. 18.—A slight shock was felt in this city at 3:51 this morning. No damage was done.

ALABAMA CONVENTION

The First Pure White Convention Ever Held in the State.

THE NEGRO OUSTED.

Roosevelt is Indorsed, but Opposed to a Second Term—The Negroes Dounced Their Action in Ignoring Them.

Birmingham, Ala., Sept. 18.—After a spirited debate, lasting several hours, the Republican state convention passed a resolution recommending the nomination of Theodore Roosevelt for a second term for president. After the adoption of a platform a full state ticket was nominated and the convention adjourned.

This was the first white Republican convention held in Alabama since the civil war, and the ousting of the negro delegates caused indignation among the leading members of that race. They have issued a card to the public denouncing the "Lilly whites," and say they don't believe the national convention will tolerate it.

The sentiment to endorse the present administration of Mr. Roosevelt was practically unanimous, but the opposition to the second term endorsement was based on the grounds that it was improper for this convention to pass upon a question to be decided by a convention to be held two years hence. After a debate, which grew acrimonious at times, the Roosevelt resolution was adopted.

The following ticket was nominated:

Governor—J. A. W. Smith of Birmingham.

Lieutenant governor—Charles P. Lane of Huntsville.

Attorney general—W. H. Armbrrecht of Mobile.

Secretary of state—J. H. Carter of Cullman.

Auditor—T. B. McNair of Marshall county.

Treasurer—H. Lee Brown of Conecuh county.

Superintendent of education—J. C. Fonniver of Crenshaw county.

Commissioner of agriculture—T. B. Morton of Fayette.

J. A. W. Smith, the nominee for governor, is a son of the late Hon. V. H. Smith, who was Republican governor of Alabama during the reconstruction period, and is a prominent lawyer of this city.

TICKET IS NAMED.

Boston, Sept. 18.—Acrimony was not wanting for a time in the Democratic state convention in Tremont Temple, but in the end harmony was restored and the state ticket was enthusiastically greeted. The ticket is as follows:

Governor—William A. Gaston, Boston.

Lieutenant governor—John C. Crosy, Pittsfield.

Secretary of state—Willmore B. Stone, Springfield.

Treasurer—Thomas H. Thacher, Yarmouth.

Auditor—J. L. Chalifoux, Lowell.

Attorney general—J. J. Flaherty, Gloucester.

It might be said that in naming Col.

Gaston to head the ticket precedent was shattered, inasmuch as he was nominated and then given a platform of his own dictation. Not unlike the famous conventions of 1896 and 1900,

the fight was over the national issues on the platform.

The test of strength was between Colonel Gaston on the one hand and George Fred Williams, once the stalwart leader of the silver

Democrats, on the other. Williams was utterly routed, with the predicted result that he is shorn of all power of leadership.

The platform adopted is a repudiation of the Kansas City platform, for Mr. Gaston refused to be the nominee if in any way the declaration of principles could be construed to endorse those things most prominently advocated by the party in the last two national campaigns.

REPUBLICAN CONVENTION.

Hartford, Conn., Sept. 18.—The state Republican convention which organized temporarily Tuesday night, selected the following ticket after making Senator O. H. Platt permanent chairman:

Abram Chamberlain of Meriden, for governor;

Henry Roberts of Hartford, lieutenant governor;

C. G. Vinal, Middletown, secretary of state;

Henry E. Gallup-Norwich, treasurer;

W. E. Seeley, Bridgeport, comptroller;

W. A. King, Windham, attorney general.

The platform endorses President Roosevelt's administration and favors his nomination for the presidency in 1904. It opposes a general revision of the tariff, but states that congress is expected to rectify without impairing the principle of protection any important duties that are found to have been "notoriously perverted from their true purpose to the inordinate enrichment corporations, monopolistic in fact or in tendency."

MONEY FOR HARVEST.

Chicago Banks Sending it to the Farmers of the Country

TO PAY EXPENSES.

There Will Be \$28,000,000 in Small Bills for the Mississippi Valley—It is the First Time in Five Years.

Chicago, Ill., Sept. 18.—The Chicago banks are shipping from \$1,500,000 to \$2,000,000 to country banks of the north and northwest and south and southwest sections of the country to meet the demand of the farmers for actual currency to pay expenses of harvesting and marketing their grain crops.

The movement is in excess of last year's shipment, although the harvesting season is far from being over. It is estimated over \$28,000,000 will be shipped by Chicago banks in bills of \$5, \$10 and \$20 denomination to farmers of the Mississippi valley before the crops are all put away for the season. This large amount of money is not considered an indication of abnormal conditions by local bankers who have kept closely in touch with the situation. Some of them stated that for the first time in four or five years the banks of this city were able to meet the demand for currency, which is inevitable at this season, without experiencing any trouble.

TRAIN STOPPED.

Revolutionists Stopped Freight Train, but Allowed Passenger Train to Go On.

Washington, Sept. 18.—Secretary of the Navy Moody received the following dispatch from Commander McLean of the Cincinnati:

"Colon: Train for Panama went through without Cincinnati's guard of riflemen and rapid fire gun. Freight train coming toward Coon stopped by soldiers at sides of the track, continuously pointing loaded muskets at the engineer and train hands demanding opening of locked box cars for inspection; conductor had no key; could not Went to find some responsible officer, also sent man to flag the following passenger train; menace removed; freight came in with passenger train. Will vigorously protect life and liberty of American and other peaceable employees and maintain unobstructed transit. Have instructed the Ranger to assist in this duty."

IN A CRITICAL CONDITION

President Castro Marching to Relieve His Minister of War at Valencia.

Willemstad, Island of Curacao, Sept. 18.—President Castro of Venezuela considering the situation of General Garibaldi, his war minister, eminently critical at Valencia, has marched to assist him with 3700 men. The president crossed Los Teques river Wednesday and continued the same day his march to Valencia. His army is carrying many sick men with it. According to report President Castro will attack the revolutionary army under General Mendoza at Tocuyito. General Metos, the revolutionary leader, is still at Orizaba.

New Hampshire Republicans.

Concord, N. H., Sept. 18.—In the Republican state convention here Naihan J. Batchelder of Andover, was nominated for governor by acclamation. The resolutions endorse the administration's Philippines policies. Combinations of capital which will reduce the price of necessities to the people are favored, but any such combinations as will restrict business and throttle competition by unjust and tyrannical practices, are condemned. The administration of President Roosevelt is heartily endorsed.

After Alleged Damages.

Dallas, Sept. 18.—The Russell V. Rogers company, which operates the Palace drug store on Main street, brought suit Wednesday in the district court for \$2000 alleged damages. The plaintiffs claim that the defendant by tearing down the west wall of their store and replacing it with a faulty substitute, has done damage to their store and fixtures. Plaintiffs also petition the court to order the defendants to put up immediately another wall as good as the other one was claimed to be.

Howard Heirs Won.

Temple, Tex., Sept. 18.—In the district court at Belton the damage suit of the heirs of J. D. Howard vs. the Gulf, Colorado and Santa Fe Railway company was decided favorable to the plaintiffs and damages awarded to the extent of \$8000. Mr. Howard was employed as a roundhouse hostler by the railway company and was killed in February, 1901, at the Temple roundhouse.

Safe Blowers Failed.

Dallas, Sept. 18.—Two burglars entered the drugstore of Charles L. Ritchie at the corner of Corinth and Ervay streets and attempted to blow open the safe. They were scared away by the appearance of Mr. Ritchie, who had returned to get something he had left. The burglars fired twice at Mr. Ritchie before leaving, the shot taking effect in a nearby wall. A large set of tools was left behind. Two policemen appeared on the scene a short time afterward and brought the tools to the police station. No arrests were made.

She Wants Damages.

Rome, Sept. 18.—A sensation has been caused in society by the announcement that a suit for damages has been brought against the Princess Di St. Faustino, formerly Miss Jane Campbell of New York, by her maid, the latter complaining that she had been beaten so badly by the princess that, according to her doctor, she would need ten days to recover.

Death Penalty Assessed.

Bryan, Tex., Sept. 18.—Joshua Price, better known as "Tobe" Prince, a middle-aged white man, charged with a nameless crime against his 14-year-old daughter, was found guilty in the district court, the jury assessing his punishment at death. The girl was the principal witness in the case. Price is a widower and lived in the southern part of the county. He protested his innocence in his testimony. Price was arrested some time ago and the grand jury indicted him at the recent term of court.

THREW A BOMB.

ROTTER DANE AND MONEY AND KING HAD BEEN, DROPPED DYNAMITE.
Seattle, Wash., Sept. 18.—A special to the Times from Skagway, Alaska, says:

About 3 o'clock Tuesday afternoon an unknown man walked into the Canadian Bank of Commerce, carrying a revolver in one hand and a dynamite bomb in the other, and demanded \$20,000, threatening to blow it into eternity. Cashier Pooley and Teller Wallace were the only persons in the bank. Wallace ducked to get his gun and ran quickly to the back of the room, yelling for Pooley to do the same.

"No you don't!" yelled the man, and he dropped the bomb. The clerks had just got out of the window. The bank was wrecked. The robber's head was smashed and one arm was blown off. People living above the bank were blown into the air.

J. G. Price, formerly prosecuting attorney, who was entering the bank at the time, was hurt, but not seriously. The dynamiter died without regaining consciousness. The bank lost about \$1000, chiefly in gold dust, which was lying on the counter.

England's Comment.

London, Sept. 18.—The Times treats M. Pelletan's remarks humorously and commiserates his fellow cabinet members.

Relapsing for a paragraph into a serious strain, the paper says: "It is for M. Pelletan's colleagues and countrymen to remember that circumstances might have easily arisen in which a similar incontinence of tongue might entail the most serious consequences, and for them to reflect whether it is prudent to expose France and the world to such dangers while M. Pelletan is growing accustomed to being a minister."

The Times suggests that M. Combes, the French premier, restore discipline to the cabinet by curbing the license of some of its members.

Guarding Passenger Trains.

Colon, Colombia, Sept. 18.—American marines are now traveling as guards on passenger trains. **HEPTOL
SPLITS
IS "IT."**

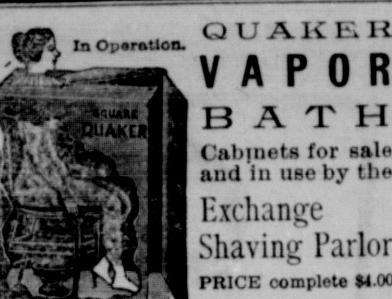

Thinking people now realize
that dosing the system with
Calomel, Pills and other
strong purgatives is a grave
mistake and very injurious.
The physical organs occasion-
ally become tired and fail to
respond to the duties of na-
ture, thereby clogging the sys-
tem and then a stimulative
laxative is required to remove
the accumulated poisons and
to again start in motion the
vital machinery; for this pur-
pose some mild non-injurious
remedy should be used. That
is what

Heptol Splits

are for.
**DELICIOUSLY PALATABLE,

HOMeward Bound.

**Peary Failed to Reach the North Pole
and is Now Returning.**

Sydney, N. S., Sept. 18.—Lieutenant
Peary, on his arrival, said: "Our ex-
pedition did not reach the north pole,
but we made most important scientific
discoveries. We are all well and glad
to get back to civilization."

The equipment and personnel were
satisfactory and further advance was
vetoed by inseparable natural conditions.
The Fram left Godhavn about
August 20 bound home. She has been
in Soper sound from whence it is un-
derstood explorations were made to
the north. The death of a fireman is
reported since. Others on board are
said to be well. The little schooner
Forget Me Not, which was caught in
the ice at Capt Haven last year, is
now on her way to St. John.

This report, signed by Peary, is ad-
dressed to Secretary H. L. Brighman
of the Peary Arctic club. Peary will
go to New York.

g line to central Colorado. New fires

vouring flames, have been wiped out
or else is now burning without hope of
being saved.

No Change in Henderson.

Dubuque, Iowa, Sept. 18.—The con-

ing has developed indicating any
change in Speaker Henderson's pur-
pose.

torium to raise money for another effort

sengers on board, but all were rescued.

rape of his step-daughter. He said the
law must take its course.

ney bridge, this county.

NEWS IN BRIEF.

Dallas, Tex., was visited by a splen-
did rain Wednesday.

United States Senator Bard of Calif-
ornia is said to be improving.

William Brifogle, a wealthy farmer,
83 years old, committed suicide near
Brookville, Ind., by hanging himself.
He had become despondent over ill-
ness.

James S. Cole, a painter working on
the new infantry barracks at Fort Leaven-
worth, Kan., fell from a window and
received fatal injuries.

Trainmaster Edwin E. Ives was killed
in the yards of the Santa Fe company
in Emporia, Kan. He was caught
under a switch engine.

Grant Garrett, a negro who murdered
his wife near Forney, Tex., last week,
pledged guilty and was given a life
term.

W. P. Simpson, a traveling salesman
for a St. Louis house, was thrown from
his buggy and seriously injured near
Decaturville, Mo.

S. J. Chamer, an Iron Mountain
brakeman, was instantly killed in the
Iron Mountain yards at Poplar Bluff,
Mo., by being cut in two while asleep
on the track. Cramer leaves a wife
and one child. His home was in De-
Soto.

Jack Fife, a prominent planter, com-
mitted suicide at his home near Her-
mannville, Miss., during the absence of
his wife. He rose from his sick bed,
secured a shotgun, placed the barrel to
his forehead and pulled the trigger,
blowing his head from his body.

The body of Mrs. Mollie Westrope,
wife of Louis Westrope, who mysteri-
ously disappeared from Greenville,
Miss., Sept. 8, was found at the coal
tipple by Andrew Hicks.

A freight train on the Santa Fe was

mills situated in Texas, and that Ar-
mour & Co. have options on four mills.
The amount involved in all those con-
summated and pending deals aggre-
gates nearly \$3,000,000.

WILL SOON GIVE IN.

**One Big Coal Mine to Work and Others
Will Soon Follow.**

Chicago, Sept. 18.—Word was received
in Chicago from Henry E. Weaver
of the Weaver Coal company, who is
in Buffalo, that the anthracite coal
strike will soon come to an end, that
one of the largest mines in the heart
of the district in Pennsylvania is about
to give in to the strikers and that other
mines will follow directly the example
of the leader.

C. E. Ferguson, private secretary to
Mr. Weaver, received a long telegram
from Buffalo stating the case and the
announcement was authorized by Mr.
Weaver through Mr. Ferguson in Chi-
cago.

"The big mine which Mr. Weaver re-
fers to," said Mr. Ferguson, "will be in
operation within a week. The owners
of the mine, which is one of the largest
in the affected district, realizes that the
settlement which is bound to come to
a crisis and affairs have gotten to such a
serious point and the effects are so
widespread and dire that the settle-
ment must come promptly. Mr. Weaver
was assured that the mine would be
working again within a week. Of course
the other mines will follow the example
promptly and the public can look forward
to a settlement of all the difficulties within a short
time."

PROTEST APPROVED.

**United States' Protests Against Treatment
of Jews in Roumania Endorsed.**

London, Sept. 18.—The United
States' initiative in protesting to the
countries which are parties to the
treaty of Berlin of 1878 against the
treatment of the Jews in Roumania
meets with approval here. The Globe,
however, is the only afternoon news-
paper which comments on Secretary
Hay's note on the subject and says
there is nothing in Hay's action but
self-interest. The Globe, nevertheless,
hopes it will lead to a check being
placed on the wholesale exportation of
undesirable persons from eastern Eu-
rope to Great Britain and America.

Jones is Surprised.

Little Rock, Sept. 18.—A Gazette
special from Hope, Ark., says: Sena-
tor James K. Jones, who returned from
Minneapolis, said he was greatly sur-
prised at Speaker Henderson's with-
drawal from the race for congress in the
Third Iowa district.

Continuing the senator said: "It is
virtually a distinct recognition of the
strong feeling in the west in favor of
tariff revision, especially on trust
made articles, and if the Republican
party does not take action in that
direction I believe the result will be
a material falling off in their vote
and a corresponding increase in the
Democratic vote."

Situation Unchanged.

The Hague, Sept. 18.—In the first
chamber of state general here during
the debate on the address in reply to
the speech from the throne the foreign
minister, Baron Van Lynden, set at rest
the rumors of alliance between
Holland and Germany, saying there
was no foundation whatever for them.
The country's political relations with
other states, he added, remained un-
changed. There have been neither
estrangement nor more intimate rela-
tionship.

Allegations Denied.

Louisville, Ky., Sept. 19.—The In-
junction filed by Attorney General
Pratt Tuesday to prevent the contest
between McGovern and Young Corbett
from taking place here next Monday
night was presented for hearing before
Judge Emmett Field in Jefferson cir-
cuit court here. The defendants pre-
sented an answer to the petition, in
which they denied all the allegations
made by the attorney general.

Abandoned Everything.

Cape Haytien, Hayti, Sept. 18.—General
Nord, at the head of 3000 men, at-
tacked Limbe Wednesday morning and
after desperate fighting, lasting three
hours, the general abandoned his pos-
itions, gun and war munitions and left
a great number of dead and wounded,
including several generals, on the field.
The population of Cape Haytien is
in a state of anxiety. The enemy to
the number of 4000 well armed men
is advancing on the place. Another
battle before the town is imminent.

New Road to Be Built.

Joplin, Mo., Sept. 18.—A. M. Hoxie
of Boston, who is here and repre-
sents eastern capitalists, announces
the immediate construction of the Ar-
ansas, Missouri and Kansas railway
is assured. The new road is to run
from Memphis, Tenn., through this
city and west to Chanute, Kan. It will
open the undeveloped mineral terri-
tory in northern Arkansas and will
connect the zinc fields with gas and
oil fields of Kansas. The survey is
almost complete.

Boxer Uprising Again.

Washington, Sept. 18.—China is on
the verge of another boxer uprising
which may equal that of 1900, accord-
ing to mail advices received at the
state department from Minister Con-
ger, dated last month. Troubles ap-
pear to arise principally from extor-
tionate taxation combined with the re-
sentment against the presence of mis-
sionaries.

Sea Wall Bonds Approved.

Austin, Sept. 18.—The second batch
of Galveston seawall and breakwater
bonds amounting to \$500,000 were ap-
proved by the attorney general's de-
partment. This makes a total of \$1,-
000,000 seawall bonds thus far ap-
proved.

Earthquake at San Francisco.

San Francisco, Sept. 18.—A slight
shock was felt in this city at 3:51
this morning. No damage was done.
